Support Smarter Customer Experiences

Unleash operational efficiencies with the highly innovative and dependable Lenovo Tab K10. Protect your technology investment while enhancing customer experience with the proven rugged xCase for Lenovo from MobileDemand.

Designed to Engage and Empower the Retail Environment

MobileDemand's rugged xCase provides unmatched protection, enabling the Tab K10 to thrive in industries where mobility is key. Place ruggedized technology into the hands of firstline workers to engage customers on the floor, decreasing wait times and elevating the overall shopping experience. The feature rich case includes a briefcase handle and back hand strap, making it easy to carry and hold. Standard is the patented snap mount plate, allowing an endless array of quick and easy mounting solutions.

Rugged

We know accidents happen. And downtime can mean lost revenue or an unsatisfied customer. That's why each case we design must survive a series of rigorous military standard tests for proven ruggedness.

Mobile

Mobility is key in any fast-paced retail environment. The mobile workforce relies on the ability to move quickly and efficiently, so we equip the Tab K10 xCase with an easy carry briefcase handle and back hand strap.

Mounting

Every case is equipped with the patented snap mount plate. Used in conjunction with MobileDemand's snap rail and RAM® products, unlimited mounting solutions are possible. From kiosks to counter tops we make safe, secure, reliable mounting a snap.

CHALLENGES

- » Extending the life and protecting the device investment due to unprotected drops
- » Remote or busy locations with limited support where uninterrupted availability is essential
- » Implementing online ordering and curbside pickup

SOLUTIONS

- » The xCase is built rugged and tested to the MIL-STD 810H drop test standard for extreme durability to withstand inevitable drops and spills
- » Utilize the Tab K10 for self-serving kiosks or digital signage throughout the storefront for accessible and convenient customer service
- » Quickly and easily complete off-premise orders with the powerful, lightweight Tab K10 equipped with the easy to carry and hold xCase

Mounting Made Easy

Our patented Snap-Mount technology allows our cases to easily transition from a stationary mount to the hands of workers in a snap. Multiple solutions including stands and powerful no drill magnetic mounts create countless options for any retail setting. Ball and socket assembly achieves nearly limitless articulation while maintaining its strength and firm position. Theft deterrent locking mechanism available.
