NON-POWERED MOUNTING COMPONENTS

Non-powered mounting alternatives for both mobile and stationary applications. Our mounting systems provide the perfect solution for those needing a tablet to be securely mounted on a forklift or pole one moment, and in hand the next.

Forklift Mounting Components for xTablets*	Forklift Mounting Components for xTablet T1690
Forklift Snap Mounting Kit	T1690 Non-Powered Forklift Dock
Non-powered forklift mounting solution for multiple devices. The heavy-duty powder-coated RAM® components with medium size C-ball design is built to support light to medium weight tablets and cases. Quick release snap rail allows ease of mounting and removal. *Easel Kit required to mount xTablets T1110 and T1690.	T1690 Forklift Mounting Kit
	The combination of T1690's non-powered dock and heavy-duty RAM, D-sized components, provide a sturdy mounting solution to safely carry the additional weight of the rugged T1690 Tablet.
