

Empowering the mobile workforce

Frontline workers rely on rugged, mobile technology everyday to perform at their highest level. From scanning barcodes, receiving mobile payments, reading magstripes, and entering pin pad data, to taking 3D measurements and more, MobileDemand designs and develops rugged devices with these and other integrated technologies, providing the tools the mobile workforce needs to achieve more.

Agriculture & Farming | Construction | Distribution & Warehousing | Energy - Oil, Gas & Mining | Field Service

RUGGED DIVERSITY

MobileDemand provides reliable, mobile solutions to serve a wide range of businesses needs with a diverse offering of Windows® based tablets, ranging from budget friendly to the ultra-rugged, high performance workhorse.

MOUNTING CAPABILITIES

MobileDemand's patented Quick Release Snap Mount System is a key feature that sets us apart from the competition. Every tablet includes the unique snap rail so mounting to desks, walls, vehicles, forklifts, tripods and much more is simply a snap!

CONVENIENCE

Several convenient features come standard with every tablet, including an easy carry briefcase handle and back hand strap along with MobileDemand's versatile snap rail. Sealed ports add another level of protection from the elements.

PRODUCTIVITY TOOLS

Integrated productivity tools allow users to scan barcodes, receive payments via mobile POS modules, take 3D imagery and more.
